Professional Experience

Software Engineer (Intern)

Feb 2025 – present

As a Software Engineer Intern at Enlear, I'm actively contributing to real-world projects focused on modern web technologies and cloud infrastructure. I'm involved in building scalable applications using JavaScript/TypeScript, React, and AWS services. Working alongside experienced engineers, I'm gaining hands-on experience in full-stack development, DevOps practices, and agile workflows, while also participating in architecture discussions and code reviews to continuously grow my skills.
